

Name: Hasan Mohammed Hasan Ahmed Al-hubaishi

Matric: BI200016

1. Tell me a little about yourself.

- I'm Hasan, a final year student at UTHM University majoring in Computer Science with a focus on information security. Throughout my academic journey, I've maintained a CGPA of 3.52/4, demonstrating my commitment to excellence in my studies.

2. What are your strengths?

- I possess a strong skill set in various areas including web development (HTML, CSS, JavaScript, PHP), database management, cryptography, and proficiency in both Windows and Linux operating systems.

3. What are your weaknesses?

- While I excel in many technical areas, I acknowledge that networking is an area where I'm actively seeking improvement and growth.

4. What are your short term goals?

- In the short term, I aim to leverage my skills and knowledge by contributing effectively to your company while furthering my experience and expertise in the field.

5. What are your long term goals?

- My long-term aspiration is to leverage the experience gained to take on more significant challenges and responsibilities, ultimately contributing to the advancement of technology in meaningful ways.

6. What do you want to be doing five years from now?

- Five years from now, I envision myself as a seasoned professional in the field, continually expanding my knowledge base through hands-on experience and ongoing learning opportunities within the industry.

7. If you could change one thing about your personality, what would it be?

- If I could improve one aspect of myself, it would be minimizing procrastination, ensuring tasks are addressed promptly and efficiently.

8. What does success mean to you?

- Success, to me, is a continuous journey of personal and professional growth, marked by surpassing yesterday's achievements and making meaningful contributions to my team and organization.

9. What does failure mean to you?

- Failure, to me, is not merely falling short of a goal, but rather, it's the failure to learn from mistakes and adapt, missing out on valuable opportunities for growth and improvement.

10. Are you an organized person?

- I pride myself on being organized, particularly with managing my time and tasks efficiently to ensure productivity and effectiveness.

11. In what ways are you organized and disorganized?

- While I maintain a structured approach to my work and time management, I admit my desk organization could use some improvement.

12. Do you manage your time well?

- Yes, I prioritize tasks effectively and utilize time management techniques to ensure deadlines are met efficiently.

13. How do you handle change?

- I approach change with adaptability and resilience, seeking to understand its underlying reasons and promptly adjusting to support my team and organizational objectives.

14. How do you make important decisions?

- When faced with important decisions, I meticulously gather relevant information, assess potential outcomes, and consider the implications before making a well-informed choice.

15. Do you work well under pressure?

- Yes, I thrive under pressure by maintaining composure, prioritizing tasks, and focusing on delivering results even in challenging situations.
